

Register a club for meet ([video](#))

The purpose of this guide is to demonstrate how to register an entire club for a meet utilizing scoreflippers. **Only Club Managers can register a club for a meet.** If your club does not have any active club managers, please email info@naigc.org.

Step One: Navigate to the link below: <https://www.scoreflippers.com/meetgenie/default.aspx> and login using your credentials. You should see a list of meets. Navigate to the meet you would like to register for, and click the green "Register" button

Step Three: Use the “Select Club” drop down to select your club (if not already selected). You may also need to select Team from the dropdown, though most clubs only have a single team. From there, use the drop down under “Select Athlete” to select the club member and appropriate events they will be competing in. The Placement Cat Designation menu is for athletes who selected gender “Other” to choose which placement category they would like to compete in.

If your club or athlete has not paid for their NAIGC membership yet they will not show up under their corresponding drop downs. Click “Add Athlete to Cart” to add their registration, they should show up on the right side under “Athletes in Registration Cart”. Repeat this process to add each individual that will be competing. If an athlete is competing both MAG and WAG they will show up once per discipline.

Step Four: Click the “View Cart” button in the top right of the screen, you should see a list of items in your cart. Click the “Proceed to Checkout” button to continue.

Step Five: You should see a checkout screen similar to the one shown below. Input your payment method and fill out any other waivers/required questions (this will change per meet). Click the “PAY NOW Checkout” button to finalize your registration. Certain meets like Nationals will have questions at the bottom such as session request information that may need to be filled out as well.

By default, we try to place different levels from the same club in separate sessions if they are competing in a different gym (most WAG levels). If we cannot logistically accomplish this, would you prefer we prioritize your preferred day or keeping your teams in separate sessions?
